About the American Society of Pension and Plan Administrators (ASPPA)

ASPPA began in 1966 as an actuarial organization, but since that time we have changed to reflect the shifts in the retirement plan industry. As a result, ASPPA now represents business owners, actuaries, TPAs, record keepers, consultants and more. While ASPPA members come from all corners of the country, they are all united by their belief in and commitment to the private pension system.

In pursuit of these goals, ASPPA offers its more than 6,000 members extensive educational opportunities, paired with a strong advocacy operation that puts us at the center of any legislative debates that could affect what you do for a living. Our educational opportunities include robust credentialing, certificate, and continuing education programs, along with the best lineup of conferences and networking opportunities in the industry.

Section 7: ASPPA Examination Policy

ASPPA's Retirement Plan Academy (RPA) exams include proctored credential exams, online certificate assessments, and online exams for the CPC Modules. The following are considered proctored credential exams: QKA-1, QKA-2, QKS, QKC, QPA, and CPC. The following are considered certificate assessments: IRP, RPF, and DB-A. The exam policies and requirements differ for credential exams and certificate assessments.

Online Proctored Credential Exam Policy

- **Enrollment:** Candidates will receive enrollment notification within three business days of completing purchase of the exam. If an exam is bundled with study material delivered through the learning management system (LMS), the candidate will request enrollment in the exam through their LMS catalog once ready to access.
- **Online Proctoring:** ASPPA credential exam are administered online using live and automated proctors. Proctored online exam can be taken at home using a computer equipped with a webcam and microphone. Any irregularity or suspected violation of exam standards of conduct (see below) will be investigated and may result in disciplinary action.
- **Identification Requirement:** All candidates must use their webcam to take a photo of themselves prior to starting the exam. The photo should show the candidate's full face in neutral lighting so the candidate's identity can be confirmed. The candidate must also present their photo ID during the online exam check-in process to confirm their identity. Candidates may present their photo ID in front of the webcam or prepare a scanned copy of the ID to be submitted during the check-in process. Passports, driver's licenses, identification cards, and other government-issued photo IDs are acceptable.
- **Time Limit:** All credential exam are timed and must be completed within the allotted time. Exam cannot be paused and resumed after starting. Any exam questions left unanswered at the end of the allotted time will be counted as incorrect.
- **Exam Results:** Candidates who complete credential exam will be able to view their pass/fail results within three business days. After three business days, candidates will be able to view a report and, if successfully completed, download a certificate of completion.
 - CPC exam are essay-based and graded by a team of expert graders. CPC Exam results will be emailed to candidates directly approximately 8-10 weeks after the exam date.
- **Exam Grading:** Most credential exam results will include a numerical percentage score and Pass/Fail status.
 - For the CPC exam a score of 9, 8 or 7 (passing grade) or 6, 5 or "N" (failing grade) is provided instead of a percentage score. A score of "N" indicates that the candidate's performance was below the minimum acceptable standards. Raw scores, spreads between scores, pass marks, pass percentages and copies of

questions are not released. The score report indicates “needs work” for any topic where the candidate scored less than 70%. Each exam has different topic weightings, so it is possible for a candidate to receive “needs work” in several areas and still pass the exam. Conversely, the candidate could receive “needs work” in only a few areas and still fail the exam if those topics comprised the majority of the exam.

Online Certificate Program Assessment Policy

ASPPA's Certificate program exams are not proctored. They are open-book online exams and unlimited attempts. Each consists of multiple-choice and true/false questions. Upon completion of a certificate program exam, a candidate will receive an immediate score. It is strongly recommended that the candidate print the results for their records. ASPPA will not keep or provide records of the certificate program online exam to candidates. The assessments are bundled with the education materials within the LMS (either as a stand-alone product or at the end of learning modules).

Study Time

The number of hours of study needed to prepare for ASPPA exam varies depending on the length and breadth of the candidate's experience. Many successful candidates begin studying several months before attempting their exam to cover all the material to the proper extent. As in other professional exam programs such as law exam, enrolled actuary exam, and CPA exam, it is not unusual for candidates to require multiple attempts before passing.

ASPPA Exam Sunset Provision

The ASPPA Board of Directors adopted an eight-year sunset provision that took effect January 1, 1998 and applies to all ASPPA-sponsored exam. The provision (revised on June 28, 1998) now reads: “Credit for successful completion of an ASPPA-sponsored exam needed to attain an ASPPA credential (e.g. QKS™) will expire six months past the eighth anniversary of the exam date.” For example, if a candidate passes RPF-1 and RPF-2 on June 1, 2015, and DC-1, DC-2 and DC-3 in 2016, and DB in 2017, application for the QPA credential must be made by December 1, 2023, or the RPF-1 and RPF-2 exam will become invalid.

For candidates who are ASPPA credentialed members and have met ASPPA's continuing education (CE) requirements for each CE cycle (including reinstatements) since the exam date, the sunset provision does not apply.

If the candidate is not currently a credentialed member, they may receive credit for sunset-invalidated exam and receive his/her credential by completing one of the following:

1. The candidate must provide documentation of having earned 40 ASPPA CE credits (including 2 hours of Ethics) within the 24 months immediately preceding the date of the application for credentialed membership; or
2. The candidate must retake and pass the invalidated exam within eight years of the oldest valid exam.

Additional Exam Policies

- **Lost Exam:** In the unlikely event of the loss or destruction of a completed exam, the exam fee will be refunded. ASPPA can assume no other obligation and candidates must take all exams with this understanding.
- **Special Requirements:** It is ASPPA's intent to accommodate candidates who have physical, visual, hearing, or other special needs. Specify any accommodation(s) you require during exam registration and notify Customer Care of your needs.
- **Retention Policy:** Exam records are retained for two years. After two years, exam records will be destroyed.
- **Exam Refund & Transfer Policy:** Fees for exams are not refundable. The right to sit for an ASPPA exam belongs exclusively to the person named on the exam registration. That person may transfer the right to someone else. However, the transfer must be in writing from the original registrant and must be received no later than the final registration date.
- **Exam Copyright:** ASPPA exam questions are subject to copyrights owned by the association. Any reproductions, retransmissions, or republication of all or part of any exam question is expressly prohibited, unless the association has expressly granted its prior written consent to so reproduce, retransmit, or republish the material. All other rights are reserved.

ASPPA Examination Standards of Conduct

ASPPA's Retirement Plan Academy (RPA) is committed to treating all candidates fairly and equitably during the exam process. Any irregularity or suspected violation of exam standards will be investigated and may result in disciplinary action.

Proctored Credential Exam Standards

Candidates must prepare the testing space prior to the exam and follow all behavior standards during the exam to successfully complete the exam. Candidates are required to share their screens and allow video and audio recording during the exam. Recordings will be reviewed by ASPPA staff prior to validating an exam result. Violations of exam policy may result in an invalidated exam, suspension or ban from future exams, and loss of credential for credential holders.

Prior to the exam, candidates must remove the following personal items from the testing space and the candidate's body:

- Cell phones, hand-held computers/personal digital assistants (PDAs) or other electronic devices, pagers, calculators, and watches (including smart watches)
- Headphones, earbuds, microphones, or other audio transmission devices
- Wallets or purses

- Books or notes unless specifically authorized by the exam program for use during your test

Candidates are permitted to use the browser-based calculator or the Windows on-screen calculator to perform calculations. Candidates may use the notes field to record results in multi-step calculations. Candidates should not use cell phones, handheld calculators, or other software-based calculators during the exam. Using paper to take notes or perform calculations during the exam is prohibited.

If a proctor notes inappropriate items in a candidate's exam space during the exam, that candidate's test results may be invalidated, and they may be disqualified from taking the test in the future.

During the exam, candidates must not:

- Communicate with others
- Leave the room at any time
 - Exception: Two 15-minute breaks are permitted during exam 3 hours or longer
- Use reference material of any kind
- Read the questions aloud
- Cover their mouth, attempt to hide their face or move it out of view of the webcam
- Write down questions or copy question text to another application

If any of those actions occur, a proctor may intervene and remind you of these policies. If the behavior continues, a proctor may be required to revoke your exam session. The proctor may also view a recording of your exam. Violations of exam policy may result in an invalidated exam, suspension or ban from future exam, and loss of credential for credential holders.

Certificate Assessment Standards

Candidates are prohibited from the following during the certificate assessments:

- Giving or receiving assistance of any kind during the assessment
- Cheating, any attempt to cheat, assist others in efforts to cheat, or participation in cheating activities

- Looking at and/or copying the answers of any other candidate during the assessment

Improper conduct includes providing assessment information to another candidate and looking at and/or copying the answers or work of any other candidate.

By virtue of the format of the assessment, candidates can study with other candidates, work with colleagues for advice/guidance and/or use other study materials or online resources, but the work submitted must be the candidate's own. Candidates cannot receive answers from employers, colleagues, or other candidates, nor can candidates have their assessment reviewed by another party for the identification of correct or incorrect answers.

RPA will pursue any evidence that a candidate has cheated or failed to follow the assessment rules. Any irregularity or suspected violation will be thoroughly investigated. Violations of assessment policy may result in an invalidated assessment, suspension or ban from future assessment, and loss of credential for credential holders.

RPA may also report its action to ASPPA's Professional Conduct Committee. If an assessment is jointly sponsored (e.g., the Enrolled Actuary exam), the other sponsoring organizations may also be notified.

Section 8: ARA Code of Professional Conduct

The purpose of this Code of Professional Conduct (“Code”) is to identify the professional and ethical standards with which a member must comply to fulfill the Member’s responsibility to the American Retirement Association and its affiliate organizations, other Members, and the public. 2. Advertising

Member shall not engage in any Advertising with respect to Professional Services that the Member knows or is reasonably expected to know are false.

3. Communications

A Member who issues a Professional Communication shall take appropriate steps to ensure that the Professional Communication is appropriate to the circumstances and its intended audience.

4. Compliance

A Member shall be knowledgeable about this Code, keep current with Code revisions and abide by its provisions. Laws may impose binding obligations on a Member. This Code is not intended to supplant, contradict or supersede Law (e.g., Circular 230) or other Codes of Conduct that establish professional standards for Members in the rendition of Professional Services and that have been sanctioned by the federal or a state government. Where the requirements of Law or such governmentally-sanctioned Codes conflict with this Code, the requirements of Law or such governmentally-sanctioned Codes take precedence.

5. Confidentiality

A Member shall not disclose to another party any Confidential Information obtained in rendering Professional Services for a Principal unless authorized to do so by the Principal or required to do so by Law.

6. Conflicts of Interest

A Member shall not perform Professional Services involving an actual conflict of interest unless:

- The Member's ability to act fairly is unimpaired; and
- There has been full disclosure of the conflict to the Principal(s); and
- All Principals have expressly agreed to the performance of the services by the Member.

If the Member is aware of any significant conflict between the interests of a Principal and the interests of another party, the Member should advise the Principal of the conflict and include appropriate qualifications or disclosures in any related communication.

7. Control of Work Product

A Member shall not perform Professional Services when the Member has reason to believe that they may be altered in a material way or may be used to violate or evade the Law. The Member should recognize the risk that materials prepared by the Member could be misquoted, misinterpreted, or otherwise misused by another party to influence the actions of a third party and should take reasonable steps to ensure that the material is presented fairly and that the sources of the material are identified.

8. Courtesy and Cooperation

- A Member shall perform Professional Services with courtesy and shall cooperate with others in the Principal's interest. A Principal has an indisputable right to choose a professional advisor. A Member may provide service to any Principal who requests it even though such Principal is being or has been served by another professional in the same manner.
- B. When a Principal has given consent for a new or additional professional to consult with a Member with respect to a matter for which the Member is providing or has provided Professional Services, the Member shall cooperate in assembling and transmitting pertinent data and documents, subject to receiving reasonable compensation for the work required to do so. In accordance with Circular 230, the Member shall promptly, at the request of the Principal, return any and all records of the Principal that are necessary for the Principal to comply with federal tax Law, even if the Member is not subject to Circular 230. The existence of a fee dispute generally does not relieve the Member of this responsibility except to the extent permitted by applicable state Law. The Member need not provide any items of a proprietary nature or work product for which the Member has not been compensated.

9. Disclosure

A Member shall make full and timely disclosure to a present or prospective Principal of all sources of direct or indirect material compensation or other material consideration that the Member or the Member's firm has received or may receive in relation to an assignment for such Principal. The disclosure of sources of material compensation or consideration that the Member's firm has received, or may receive, is limited to those sources known to, or reasonably ascertainable by, the Member.

10. Professional Integrity

A Member shall perform Professional Services and shall take reasonable steps to ensure that Professional Services rendered under the Member's supervision are performed with honesty, integrity, skill, and care. A Member has an obligation to observe standards of professional conduct in the course of providing advice, recommendations and other services performed for a Principal. A Member who pleads guilty to or is found guilty of any misdemeanor related to financial matters or any felony shall be presumed to have contravened this Code and shall be subject to American Retirement Association's counseling and disciplinary procedures.

11. Qualification Standards

shall not professionally represent to the public to be an actuary or knowingly allow such misrepresentation by others.

13. Additional Obligations

- A Member whose professional conduct is regulated by another membership organization shall abide by the professional Code of Conduct (or similar rules) of such organization. For example, a Member who is an actuary shall also abide by the [Code of Professional Conduct for actuaries](#).
- A Member shall respond promptly in writing to any communication received from a person duly authorized by American Retirement Association to obtain information or assistance regarding a Member's possible violation of this Code. The Member's responsibility to respond shall be subject to Section 5 of this Code, "Confidentiality," and any other confidentiality requirements imposed by Law. In the absence of a full and timely response, American Retirement Association may resolve such possible violations based on available information.
